Twenty-three cases before the Court for the following

offences:

Drunks	7
Automobile law violations	7
Disorderly	3
Assaulting officer	3
Wanton injury to building	1
Fish & Game law violation	1
Liquor law violation	1
	<hr/>

Costs of the court to the town will be shown in town financial report as larger than some years previously; this is caused by the necessity of sending several of the worst offenders to the House of Correction.

It is the policy of the court not to send prisoners to the House of Correction unless absolutely necessary; this year, with the single exception of one prisoner who had not been in court before, all those sent over to Haverhill had been before the court before and had been treated with leniency; this proving useless in these cases it was necessary to commit them for periods of three to six months.

It is a matter of considerable community pride that there have been no cases heard in Juvenile Court this year. This completes a period of something like two and a half years since it became necessary to hold Juvenile Court in Woodstock.

Justice.

## REPORT ON PARKS AND PLAYGROUNDS

---

To the Selectmen of the Town of Woodstock:

The following projects have been undertaken by the Woodstock Outing Club this year.

1. Improvement of the school baseball field.  
Through the United States Forest Service a great amount of work was done on the baseball field. A crew of men with two graders spent about a week leveling and smoothing the field. The value of this work has been estimated as near \$500.00.
2. Open Slopes for skiing.  
At the beginning of the year we decided on clearing one or more open slopes for skiing. One has been cleared and with a little more leveling will be completed. This slope is on the land of Mr. Cox and the town is much indebted to Mr. Cox for his kindness in allowing them the use of his land.
3. Improvement on Park at North Woodstock.  
The fence around the Soldiers monument was painted and the weeds cleared away from the base of the monument. The walk around it has been trimmed. We suggest the fountain be put in order and the flagpole painted.
4. Changing the End of the North Trail.  
The ending of the North Trail on Russell Mt. has been changed so as to afford a better vantage point for those interested in watching the Ski Races. This was accomplished without expense to the town; the members of the Club doing the work.

The tower on Russell Mt., has been given its final coat of paint and the poles on the stairs have been peeled.

The mowing of the Ski Trails was done with no expense to the town. We arranged with the Forest Service for this work.

Consensus of opinion seems to be in favor of a toboggan slide another year, if funds are available. We feel that something of this nature is advisable if we are to round out our repertoire of Winter Sports facilities.

We are favored this year with the Third Class Eastern Championship Ski Race, which should give us a great deal of good publicity. Part of the expense of running our two races this year will be taken out of the balance of funds on hand.

\* \$3.50 per \$1,000 of taxable inventory is minimum required by law in addition to per capita tax and salaries of district officers.

|| \$5 per \$1,000 of equalized valuation must be raised for elementary schools to qualify for state aid. The net assessment must contain this amount in addition to funds raised for high school maintenance and other statutory requirements.

## REPORT OF SUPERINTENDENT OF SCHOOLS

---

School Board and Citizens of the Woodstock School District:

Ladies and Gentlemen:

I hereby submit my second annual report as Superintendent of Schools.

In the elementary schools one change has occurred in the teaching staff. Ronald Weeks was appointed teacher in the grammar room of the North Woodstock school. He is a graduate of the Plymouth Normal School and a very promising teacher. Carefully selected men from our state normal schools seem especially well adapted for the work of the upper grades and with boys of this age. Mr. Weeks has helped with the athletics of the high school and added strength to the organization. Esther F. Jackson of Madison was appointed language teacher in the high school. She is a college graduate and experienced teacher. Elsie Furlong, a graduate of Plymouth Normal School is teacher of Commercial subjects. Robert Tinkham was appointed music supervisor and meets the classes once a week. The music of the district has been organized and the children are having real pleasure and instruction in music.

The work of the elementary school is progressing well. The teachers are all Normal School graduates and very much interested in their work. The enrollment at Woodstock is under 30. It is hoped that this will increase at least to the above number that state aid may continue to be received for a 2-room school. It would be unfortunate to resort to a one-room school.

In the high school a sustained effort is being made to develop real scholarship, by each of the 3 teachers, and they are deserving of the support and cooperation of parents. It is recognized that some students take more naturally to academic studies than others and they should be urged and inspired to be interested in more than a merely passing mark. Competition in Commercial and Professional life will be keen and peo-

ple who rise above the rest will be those who are best qualified. The larger number of young people in our high schools are average and when studious and industrious do acceptable work. Parents should examine carefully all reports of students work and not criticize teachers until they have visited school and had a personal conference with them. The report of the state high school inspector states, "Department of pupils very good". The school appears to be motivating well and following modern education very closely.

Since my last report the high school has been shingled, the building rewired complete so that this fire risk has been eliminated, rooms were frescoed and are now clean and light, new stools have been installed in the boys' toilet and supply cupboards made so that now all school supplies are under the supervision of the school board. The walk was raised so that there is a safe and dry approach to the school. The high school building is now in very good shape and it is not anticipated that any major repairs will be needed in the near future. The special appropriation for fire alarm and extinguishers is worthy of serious attention and should be favorably voted.

At Woodstock the grounds were graded, stairs changed and an additional door made in front for safety and convenience. A new ceiling was made in the grammar room. The Board expects to make further repairs in the spring, for damage done incident to the church fire. It is planned to put up a substantial metal fence around the school property.

The Tannery school was shingled this summer.

It is my recommendation throughout this supervisory union that the honor roll for perfect attendance be discontinued after the present year. Originally intended to increase attendance I am firmly convinced that, at the expense of health, it defeats its own ends. Children with hard colds, sore throats, etc., often forerunners of contagious diseases, expose the entire school to illness in their zeal to maintain perfect attendance. The state board of health says that when contagious diseases are prevalent such children should stay at home. These children often times should not be sent

out in stormy weather, and there are probably times when small children, tired or nervous, may well be kept at home a day or two. The whole matter of school attendance is one of common sense. When children are well and able they must attend, and when they are sick and ailing they should stay at home. The children on honor rolls would probably attend regularly anyway, and those of poor attendance are not motivated to attend any more regularly.

The children at Woodstock are commended for their plan of making a gift to the Church from their own earnings.

Respectfully submitted,

ALLAN M. McCURDY,

Superintendent of Schools.

### Report of the Headmaster

Mr. Allan M. McCurdy, Superintendent of Schools,  
Wentworth, New Hampshire.

I hereby submit my sixth annual report of Woodstock High School.

School began on September 4, 1935 with an enrollment of fifty pupils. We have at present six seniors, six juniors, twelve sophomores, and twenty-two freshmen, leaving us a present enrollment of forty-six.

This year we are fortunate in having supervision in music. We have new song books, and these two factors make for a better music program in our school.

We are also pleased to have a coach of athletics. With the aid of the appropriation for athletics we were able to buy complete baseball uniforms for our team. This year's winter sports team was victorious in the Woodstock Outing Club's Third Annual Interscholastic Carnival.

During the fall term the seniors gave their play, and at the present time the whole school is organizing its staff for the school paper.

We are running a detention period afternoons, with supervised individual aid for those pupils who need this sort of extra work. It seems that by this system the number of pupils who do unsatisfactory high school work should decrease.

I wish to mention with gratitude the improvement made in our rooms by stippling the walls, and varnishing the wood work.

The town has given us many material improvements in our school, but the one improvement most to be desired now is that the pupils realize that what they will gain from their school will be proportional to the effort they put into their school work.

Respectfully submitted

STEPHEN T. CROWTHER,

Headmaster.

Mrs. Cecil Towers,  
Chairman Woodstock School Board,  
Woodstock, N. H.

Dear Mrs. Towers:

This fall we had a balance of \$ 8.85 in our athletic checking account. A friend contributed \$10.00 toward a baseball suit, and the town check of \$100.00 gave us a total of \$ 118.85.

From this amount two bills have been paid: one of \$34.96 to Ed Maynard, Inc., for balls and stockings used last spring; and one of \$ 64.35 for the new baseball suits. This gives us a present balance of \$19.53.

I recall last fall you said you would appreciate this information.

Sincerely yours,

STEPHEN T. CROWTHER,

STC:MEC

Headmaster.
